 Revision No.: 01

Statement history

Revision	Description	Issued date
00	Original statement	30 September, 2013
01	Recertification	17 October, 2016

Products covered by this statement

Product name	Welded pipes
Steel types	<p>Stainless steel and nickel alloy steels, summarized in product categories as follows:</p> <p>I) stainless steel austenitic; II) ferritic-austenitic stainless steel (duplex and superduplex); III) nickel alloys</p> <p>Material grade Reference is made to the above mentioned product categories for which the following code standards are applied as material standards and manufacturing procedures:</p> <ul style="list-style-type: none"> - ASTM/ASME: A312, A358, A409, A778, A790, A928, B443, B514, B517, B625, B675, B705, B725; - EN 10217-7 test category TC1 - EN 10296-2

Limitations:

Approval dimensional/weight range: Welded tubes with diameters from 60mm to 2.000 mm and thickness up to 30 mm

The qualification of welding procedure and welding operator shall be approved by a competent third party for material which form part of pressure parts of pressure equipment in category II, III and IV.

Non-destructive testing of permanent joints shall be carried out by a recognised third party organization for material which forms part of pressure equipment in categories III and IV.

Initial inspection on the production site has been carried out by DNV GL Business Assurance Italia S.r.l., ref. Assessment Report dated 2016-09-15

Statement No.: 3464-2013-CE-ITA-DNV
Place and date: Vimercate 17 October, 2016
Revision No.: 01

Terms and conditions:

- the components are not subject to CE-marking
- in case of damages caused by defective products, Council Directive 85/374/EC, as amended, will apply;
- the system approval is valid only for the product(s) listed above. For other product(s), an application for extension of the statement must be sent to DNV GL Business Assurance Italia S.r.l.;
- periodical audits and unexpected visits will be held, in order to verify that the manufacturer duly fulfils the obligations arising out of the approved quality system;
- the manufacturer shall fulfil the obligations arising out of the quality system as approved and uphold it so that it remains adequate and efficient;
- the manufacturer must give information of any intended adjustments of the Quality System to DNV GL Business Assurance Italia s.r.l., who will assess the changes and decide if the statement remains valid;
- the manufacturer shall inform DNV GL Business Assurance Italia S.r.l. of the intended schedule of production for materials.

The following may render this statement invalid:

- changes in the quality system affecting production;
- periodical audits not held within the allowed time window.

END OF STATEMENT
