Statement history:

Revision	Description	Issue Date
00	Original statement	30 September, 2013
01	Recertification	17 October, 2016
02	Recertification	12 November, 2019
03	Recertification	16 September, 2022
04	Recertification	25 September, 2025

Products covered by this Statement:

Product Name	Welded pipes
Material types	Stainless steel and nickel alloy steels, summarized in product categories as follows: I) stainless steel austenitic; II) ferritic-austenitic stainless steel (duplex and super duplex); III) nickel alloys. Material grades Reference is made to the above mentioned product categories for which the following code standards are applied as material standards and manufacturing procedures: - ASTM/ASME: A312, A358, A409, A778, A790, A928, B443, B514, B517, B625, B675, B705, B725; - EN 10217-7 test category TC1; - EN 10296-2.
Limitation:	- Approval dimensional/weight range: Welded tubes with diameters from 60 mm to 2000 mm and thickness up to 30 mm. - The qualification of welding procedure and welding operator shall be approved by a competent third party for material which form part of pressure parts of pressure equipment in category II, III and IV. - Non-destructive testing of permanent joints shall be carried out by a recognised third party organization for material which forms part of pressure equipment in categories III and IV.

Inspection on the production site has been carried out by DNV Business Assurance Italy S.r.l., ref. Assessment Report dated 2025-09-11

Terms and conditions

- the components are not subject to CE-marking
- in case of damages caused by defective products, Council Directive 85/374/EC, as amended, will apply;
- the system approval is valid only for the product(s) listed above. For other product(s), an application for extension of the statement must be sent to DNV Business Assurance Italy S.r.l.;
- periodical audits and unexpected visits will be held, in order to verify that the manufacturer duly fulfils the obligations arising out of the approved quality system;
- the manufacturer shall fulfil the obligations arising out of the quality system as approved and uphold it so that it remains adequate and efficient;
- the manufacturer must give information of any intended adjustments of the Quality System to DNV Business Assurance Italy S.r.l, who will assess the changes and decide if the statement remains valid;
- the manufacturer shall inform DNV Business Assurance Italy S.r.l. of the intended schedule of production for materials.

The following may render this statement invalid:

- changes in the quality system affecting production;
- periodical audits not held within the allowed time window.
